

SHERMAN SPEECH 'CHEAP POLITICS'

His Attack on Harris Re-
petition of Attempt at
Regular Session

GOLOBIE APOLOGIZES

Says Deposing of Sherman as
Floor Leader Voted for by
All His Colleagues

By C. W. R. HINDS.
The World's Capital Correspondent.
OKLAHOMA CITY, April 28.—After announcing that this was to be a business session of the legislature and that business alone was to be looked after, the closing moments of Wednesday afternoon's session of the senate marked the inauguration of cheap politics in which President Trapp allowed himself to become sponsor for one of the wildest, most intemperate and most out-of-order speeches ever made before an Oklahoma body.

The speaker was Senator Joe Sherman, who spoke on no question of government, but confined his remarks to a bitter personal attack on National Committee man, Jim Harris. He secured the floor and held it by consent of Trapp, notwithstanding Senator Anglin, democrat, made a determined effort to stop the tirade and who left the senate chamber with Senator Frye, republican, when the president allowed Sherman to continue his rather disconnected remarks.

Same Speech, Better Done.
It was a repetition of the speech Sherman undertook to deliver when the regular session adjourned, but he had it better memorized and got it off better. The excuse was the fact that the other republican senators had deposed him as minority leader, and he declared that the sole reason was because at the regular session he had fathered a resolution to investigate Mr. Harris and others whom he accused of lobbying, notwithstanding that two of the accused, Harris and Dan Norton of Chandler, had never been in attendance at the legislative session.

At the close of the Sherman tirade, Senator Golobie apologized for the senator's intemperate attitude and declared that the deposing act was voted for by all Sherman's republican colleagues and was primarily due to the fact that he (Sherman) had deceived republican senators as to the portent of the resolution, adding that Sherman was not the author and incapable of writing it.

As a matter of fact, the resolution was dictated by Senator Bob Davidson of Tulsa, who refused to have anything more to do with the job than to put some English language in the attempt to become the character of the republican leader.

The incident was without precedent in an Oklahoma legislative body and very clearly shows that the submerged cable between the administration crowd and certain republicans is still in good working order. Of course the principal object of the tirade was to convey news of the incident to Washington, where Senator Sherman's colleagues hope to make it more effective than was true of their effort to prevent Mr. Harris being chosen national committeeman.

Rushing Them Through.
Senate bill 2, providing \$120,000 to pay interest on public building bonds and meet other matured interest at the New York fiscal agency was finally passed by the senate, the first bill of the extraordinary session in either house.

No. 9, providing an emergency appropriation of \$250,000 for salaries at the state university until June 30, was also finally passed by the senate and sent to the house of representatives.

When the bill for an educational survey, carrying an appropriation of \$20,000, came up for final passage Leedy called attention to the fact that this created a new department and therefore could not come under the scope of the act before the legislature by the governor.

Holloway asked that the bill retain its place on the calendar until he could ascertain its correct status, and this was done, although later President Trapp ruled that any bill carrying an appropriation can be considered by the legislators.

The senate also passed the miscellaneous deficiency bill, carrying \$68,000. It was of the opinion that such deficiencies are not prop-

erly before the senate, but was overruled by the presiding officer.

This bill carried by the narrow margin of 23, 30 yeas to 7 nays, supporting it with the explanation that it carried the salary for Sydney Riggs as highway commissioner which had been due for the last 10 years.

Introduction of New Bills.
The senate was still introducing bills Wednesday. No. 21 provides \$10,000 for hospital care of those unable to defray their own expenses. No. 32 provides \$5,000 for work of the geological survey offices at the state university. No. 33 carries an appropriation of \$4,000 for a tubercular hospital at Clinton.

In the House.
Report of the house appropriations committee through Chairman Bailey that it would report adversely on all bills for new buildings brought forth a sweeping reduction in the house appropriations. Five bills were killed off without trouble—appropriations for purchase and repair of buildings at Helena, the American language bill, acceptance of federal aid for road projects, deficiency for the Lawton secondary agricultural school and that to build edifices at the Chandler fairgrounds.

Two bills were introduced, one to appropriate for a nurses' home and the other was the reintroduction of the Beck-Everhart bill to provide a \$25,000,000 soldiers' bonus fund.

If the house sustains the appropriations committee there will be a tremendous cut in the appropriations, aggregating more than \$2,000,000. It would also include the proposed additions to the three insane asylums, and a dispute with the \$3,000,000 road bond bill as introduced by McPherson in the senate.

In addition, it would shorten the time the legislature is to be in session, for the reason that the general appropriation bill would be practically all of the big topics for consideration.

The house appropriation committee also sent shadows to those who have had bills passed but not signed because of its statement that it would not be a party to asking the governor to place new topics before the legislature for consideration.

This is accepted as final word from the house leaders that they propose to stand on their appropriation program and do not propose to have any "trading" stock lying home for the state administration to barter with.

Although the house advanced bills to final passage, it failed to get one bill to the speaker's desk on the third day of the session. The appropriation committee, however, has been able to get over a lot of ground and will flood the committee of the whole house with work which can be speedily dispatched and sent to the senate for its consideration.

TULSA WOMAN IS VERY ILL
Mrs. Newberry on Her Way to Mayo's Hospital for Operation.
Word was received Thursday of the critical illness of Mrs. Lydia Newberry of Wichita, Kan., former superintendent of the Mission of Redeeming Love here. Mrs. Newberry is on her way to the Mayo hospital in Rochester, Minn., where she will undergo an operation.

She was taken suddenly ill while at the bedside of her sister, Miss Grace Allen, who is dying in a hospital in New York city. Miss Allen was taken ill a few days before she came to Tulsa for a rest, where she has been a missionary for the Free Methodist church for the past 32 years.

Mrs. Newberry and Miss Allen are both well known in Tulsa. Mrs. Newberry having been in mission work in this city for more than five years, and Miss Allen having visited here while on furlough. Miss Allen is superintendent of the girls' school in South Africa, and Mrs. Newberry is president of the rescue homes of the Mission of Redeeming Love association.

WILL DANCE MINUET

May Day Exercises and Athletic Contests Will Feature the Lee Stadium Program.

The quaint costumes and powdered hair, the laces and satin breeches that are associated in the popular mind with that staid and most beautiful of old dances, the minuet, will be seen upon Lee field Friday afternoon when hundreds of school children present May day exercises following the annual field day meet in which 5,000 children of the Tulsa city grade schools will take part. Spiritually brownies in the saucy costumes from which they take their character will frolic about the field, and the always interesting Maypole dance will be another feature of the May day part of the afternoon's program. In one of the callisthenic drills alone, 1,200 children will be upon the field at one time going through the same motions.

The May day exercises will climax the afternoon devoted to athletic events in which some 1,200 boys and girls will compete for honors. The 60 events will be run off in little more than an hour on different parts of the field, the schedule so perfectly systematized that every division will have its own starters, tellers, referees and judges, all acting at the same time.

Thousands of visitors are expected at Lee field to witness the biggest event of the year for the grade schools. Preliminaries have been held during the past few weeks and are being finished up this week in preparation for the giant meet Friday.

HEAVY FINE FOR IMITATOR OF NUXATED IRON

Imposed by United States Judge

A heavy fine for violation of the criminal law for selling and trying to "pull off" on the public, fraudulent imitations of Nuxated Iron has been imposed by a United States Judge in Chattanooga, Tenn.

Nuxated Iron is an organic iron product, like the iron in your blood and like the iron in spinach, lettuce and apples, while the iron which people usually take is metallic or mineral iron and can be made much cheaper than Nuxated Iron, as mineral iron is iron just as it comes from the action of strong acids on small pieces of iron. On account of the large sale of Nuxated Iron—it being estimated that over 4,000,000 people annually are using it—imitators found in it a fertile field for their fraudulent work.

Note: Nuxated Iron has the largest sale of any tonic or blood builder in the world. It will often increase the bodily and mental vigor of weak, run-down, nervous people in two weeks' time. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. Nuxated Iron comes in tablets only—never in liquid form. Beware of substitutes. Look for the word "Nuxated" on every package and the letters N. L. on every tablet. For sale by all druggists.—Adv.

TO PICNIC IN OWEN PARK

Members of All Souls Church Plan an Enjoyable Social Event.

Members of All Souls Liberal church will have a picnic at Owen park Monday, May 2, at 6:30 p. m. A committee on arrangements will have charge of all preparations for the serving of coffee and ice cream. The remainder of the lunch will be provided by the women of the church.

Liberal Christians, Unitarians, Universalists, and others who, while differing from them in belief, are in general sympathy with the spirit and practical aims of the movement are invited to take their land and join in the picnic.

The committee on arrangements consists of W. A. Hayes, O. P. Hyde, and Mrs. W. R. Holway.

Grade Hearing in Tulsa
State Commission Grants Change as Asked by City and Re-sets Date.

City Attorney Frank E. Duncan and other officials have been advised officially by the corporation commission that the grade crossing hearing has been postponed from May 3 to 10, and that it will be held instead of at Oklahoma City.

Included in the hearing are the Sixth street subway under the Midland Valley tracks, the Quannah avenue subway and the Union avenue viaduct. If these new crossings are built the railroad companies whose property is affected hope to close many of the nearby streets to motor traffic.

From a Wells Viewpoint.
"H. G. Wells' Bible of Civilization" will be the subject at the meeting of All Souls Unitarian church tonight at 8 o'clock in the auditorium of the municipal building. Rev. William Channing Brown of Boston will be the speaker.

Injunction Hearing Today.
The case of the injunction stop order asked against the E. S. Hutchinson Lumber company by A. E. Neils,

will be heard before Judge Owen in district court Friday morning. The case was originally scheduled for last Tuesday, but at the request of the defendant was continued.

Cherished Mementos.
A traveler in Ireland stopped for a drink of milk at a white cottage with a thatched roof, and, as he sipped his refreshment he noted,

on a center table under a glass dome, a brick with a faded rose upon the top of it. "Why do you cherish this way?" the traveler said to his host, "that common brick and the dead rose?" "Sure, sir," was the reply, "there's certain memories attached in my head." "But the rose?" "The rose," said the host, "is off the grave of the man that threw the brick."
